National Veterans Creative Arts Festival to showcase award-winning Veterans

WASHINGTON — The National Veterans Creative Arts Festival is back in person for the first time since 2019 and will be held April 20-25 in St. Petersburg, Florida.

This year's 41st annual event will recognize the progress and recovery Veterans have achieved through therapy while raising the visibility of the creative triumphs of our nation's Veterans.

Nearly 100 Veterans will be honored for their artistic abilities. Veterans whose art, creative writing, dance, drama and music entries received the highest rankings were invited to the festival.

Creative arts and music therapists at Department of Veterans Affairs medical facilities nationwide use the arts as one form of rehabilitative treatment to help Veterans recover from and cope with physical and emotional disabilities. The festival is the culmination of a year-long fine arts competition in which a panel of judges reviewed more than 3,600 submissions from Veterans receiving care at 118 VA facilities.

The cultural week in St. Petersburg will offer workshops, artist interactions and a chance to explore the arts on the waterfront. It culminates with a gala style finale at Mahaffey Theater featuring music, drama and dance winners showcasing their talents at 2 p.m., ET, Sunday, April 24. Michael Peterson, multi-Grammy and Country Music Award nominee, will emcee the show.

One of VA's seven national rehabilitation events, the festival is presented each year with the American Legion Auxiliary and is made possible by corporate sponsors, nonprofit organizations and individual donors. This year's festival is hosted by Bay Pines VA Healthcare System.

"As the co-presenter of the National Veterans Creative Arts Festival, we support this event because of the positive impact it makes on our nation's Veterans who are using the healing power of the arts," said American Legion Auxiliary National President Kathy Daudistel.

"Each year, Veterans use the arts to dream beyond their imagination and draw from their inner strength," said Festival Director Amy Kimbler. "Their creative pursuits are bold; they're brave and we are able to help them realize everything is possible."

When Veterans go back to their communities, whether as a first-time or accomplished artist, the festival experience will continue to motivate and inspire them throughout the entire year.

To support Veterans, the public is invited to watch the live performance online and learn more information at the National Veterans Creative Arts Festival. Follow the activities and VA adaptive sports @Sports4Vets on Facebook, Instagram and Twitter.

LeChase Construction acquires Albany, New York, contractor

Rochester, New York-based LeChase Construction Services announced on April 14 that it acquired Sano-Rubin Construction Services, a family-operated firm with more than 100 years of experience managing projects in the Albany, New York, region. Financial terms of the deal were not disclosed.

Local operations will be merged over time to help with the transition. Sano-Rubin will now operate as Sano-Rubin, a division of LeChase, under leadership of its current president, Dave Hollander. He and the company's 70 employees will continue to work with existing clients from their office in Albany, while LeChase's 50 area employees will continue to operate from their office in Schenectady, New York, led by LeChase Vice President Neil Schiavi.

LeChase annually manages more than \$1 billion in construction across its operations, according to the release. The firm's previous acquisitions in the state include Syracuse's Northeast Construction Services in 2010, the New York Metro firm C.W. Brown Inc. in 2015 and the Upstate New York operations of Lendlease Americas in 2016.

This move will allow LeChase to accelerate its plan for long-term growth in the area, according to the release. While the firms generate a combined \$125 million in annual revenue, the addition of Sano-Rubin will allow LeChase to pursue a wider range of projects, which include healthcare, education, industrial, multifamily housing and entertainment and hospitality, which align with Sano-Rubin's experience.

Additionally, Sano-Rubin's existing clients will benefit from LeChase's capabilities in preconstruction, scheduling and construction technology, according to the release.

"We're extremely proud of what LeChase has built in the Capital Region since opening our office here in 2003. Taking our local presence to the next level has been in our plans, and when the opportunity arose to bring in Sano-Rubin, we jumped at it," William Goodrich, CEO and managing partner of LeChase Construction Services, said in the release.

This merger comes on the heels of two other notable acquisitions in the construction industry. In November, New York City-based STO Building Group acquired Fairfield, New Jersey-based RC Andersen Construction. STO Building Group CEO Robert Mullen told Construction Dive at the time that the industrial building environment made it the right time for the merger to occur, as Cushman & Wakefield forecasted that the North American industrial absorption forecast from 2021 to 2022 calls for 481.3 million square feet.

Additionally, in January, Houston-based Satterfield & Pontikes Construction purchased Eagle Contracting, the Dallas/Fort Worth-based general contractor focused on the wastewater industry. Eagle Contracting's president at the time, Roy Ewen, said that the merger was mutually beneficial.

M/W/D/DVBE SUB-BIDS REQUESTED

Granite Construction Company (Granite), an Equal Opportunity Employer, is requesting sub-bids from all qualified subcontractors and suppliers, including certified **SLBE-ELBE** firms, for the following project.

Project Name: Bermuda Avenue Coastal Access Replacement
Contracting Agency: City of San Diego
Bid Number: K-22-2045-DBB-3-A
Bid Date / Time: May 9, 2022 @ 2:00pm
Engineer's Estimate: \$1,090,000
Estimator / Contact: Jerred Dejong at granite.sandiego@gcinc.com
 or call 760-444-1028 or fax 760-444-1988

General Work Description: The existing Bermuda Avenue beach access stairway provides access to the Bermuda Beach in South Ocean Beach at the western terminus of Bermuda Avenue. It has deteriorated after years of service in the erosive coastal environment. The stairway shows cracking, corrosion, and spalling. The project scope is to replace the existing access stairway that has failed at the middle flight and the supporting foundation block. The scope is to replace the existing with a new stairway and will generally follow the existing stairway. The new stairway consists of a concrete block stair founded in rock at the lowest flight and the upper two flights will comprise of stainless-steel stringers with redwood planks and intermediate concrete landings supported on pile foundations.

Granite is requesting quotes from all qualified subcontractors and suppliers, including certified SLBE-ELBE firms, for ALL bid items including those in conjunction with NAICS codes: 237310 – Highway, Street, and Bridge Construction; 237990 – Other Heavy Civil Engineering Contractor; 238110 – Pour Concrete Foundation and Structural Contractors; 238120 – Structural Steel and Precast Concrete Contractors; 238990 – All Other Specialty Trade Contractors; 423390 – Other Construction Material Merchant Wholesalers; 444190 – Other Building Material Dealers

Plans, specifications, and addendums are available for viewing through the following:
 Our Office – 5860 El Camino Real, Suite 200, Carlsbad, CA 92008
 The City's PlanetBids Website - <https://pbsystem.planetbids.com/portal/17950/portal-home>

Quotations will be broken down into comparable packages as reasonably necessary. Granite will work with interested subcontractors to identify opportunities to break down items into economically feasible packages.

Please call if you need assistance in obtaining bonding, insurance, equipment, materials, and/or supplies. Granite intends to work cooperatively with all qualified firms seeking work on this project. Granite is an Equal Opportunity Employer.

Requirements: Granite is signatory to Operating Engineers, Laborers, Teamsters, Cement Masons, and Carpenters Unions. 100% performance and payment bonds required for the full amount of the subcontract price. Granite may assist with the bond premium up to 1%. Subcontractors must possess a current contractor's license, insurance and worker's compensation insurance coverage meeting Granite's requirements and will be required to sign the standard Granite Subcontract Agreement. A copy of the insurance requirements and agreements can be obtained by contacting the Estimator.

All quotes are subject to the terms of Granite Construction Company's applicable standard form agreement which is available through the following link: <https://www.graniteconstruction.com/ca-resources/standard-agreements>

Subcontractors must also be registered with a current DIR number. <https://www.dir.ca.gov/Public-Works/Contractor-Registration.html>
